Empowerment Highlight: Tigist is a mom of two boys. It has been five years since her husband left her, and she doesn't know where he is or whether or not he is alive. It has been very difficult for her to raise her children alone. People familiar with her struggle directed her to the church for help, and the HBC Program has greatly improved her life. Tigist is now in the third round of the empowerment program, and she has a business selling kolo snacks, injera, and charcoal. She is so grateful for all those who have given her family this special opportunity to not just survive, but to thrive!

## THANK YOU FROM WORLD ORPHANS

Pastor Mike and Trey, from all of us at World Orphans and our amazing team in Ethiopia, thank you. Your hearts for the local church, vulnerable children, and families truly make what we do possible. We are so grateful to partner with you and Pleasant Grove to help mothers see their dignity in Christ, gain skills and start businesses, and lift their families out of poverty. This partnership with Sheno is a clear example of the gospel reaching and restoring lives—physically and spiritually. Thank you for showing Christ's love in such a practical way. Blessings, Randy Phillips
